

SHUBHAM PATEL

Software Engineer | ASP.NET Core | Distributed Systems | SQL Server

shubham.patel.swe@gmail.com | [LinkedIn](#) | [GitHub](#) | Portfolio: [iamshubham.tech](#)

PROFESSIONAL SUMMARY

Software Engineer with 3+ years of experience building scalable government platforms serving 1M+ users. Specialized in ASP.NET Core, SQL Server, distributed API integrations, and high-concurrency backend systems.

Experienced in REST API architecture, performance optimization, caching strategies, and large-scale relational database design, including integrations with Aadhaar, DigiLocker, and payment gateways.

TECHNICAL SKILLS

Languages: C#, TypeScript, JavaScript, SQL, C++, Java

Backend: ASP.NET Core, ASP.NET MVC, Entity Framework Core, REST APIs, JWT/OAuth, LINQ

Frontend: React, Angular, HTML5, CSS3, Responsive Design

Database: SQL Server, Stored Procedures, Query Optimization, Schema Design, Indexing

Tools: Git, GitHub, Docker, Postman, GitHub Actions (CI/CD Pipelines)

Integrations: Aadhaar API, DigiLocker, Payment Gateways, YouTube API, GPS APIs

PROFESSIONAL EXPERIENCE

Software Developer | Technosys Services Pvt Ltd, Lucknow March 2023 – Present

Tech Stack: ASP.NET MVC, .NET Core, C#, TypeScript, React, Angular, SQL Server

- Engineered and deployed 8+ full-stack web applications serving 1,000,000+ users across national and state government platforms.
- Architected SQL Server database schemas and optimized stored procedures, reducing data retrieval times by 40%.
- Designed secure RESTful APIs with JWT authentication for distributed web and mobile integrations.
- Integrated Aadhaar, DigiLocker, and payment gateway APIs into high-traffic government systems.
- Led code reviews and engineering best practices, reducing post-deployment bugs by 60%.
- Resolved production issues including SQL bottlenecks, API failures, and deployment configuration errors.
- Implemented in-memory caching strategies for datasets exceeding 100,000 records.

KEY PROJECTS

SGFI – School Games Federation of India

National Sports Management Platform

- Architected backend workflows and database schemas for a national sports management platform managing 60,000+ players annually.
- Integrated Aadhaar verification, DigiLocker certificate distribution, and payment gateway systems.
- Optimized SQL performance using caching and query rewrites, reducing latency by 40%.

Veerangana Portal

State Women Empowerment Training Platform

- Built backend modules for automated teacher allocation and multi-phase evaluation workflows.
- Engineered GPS-based attendance validation and automated teacher payment logic.
- Developed secure document upload systems and YouTube-integrated video galleries.

PrernaUP

FLN Teacher Training Program

- Constructed backend infrastructure for high-scale teacher training and assessment workflows.

- Designed systems for high-concurrency load-balanced environments with 99.9% uptime.
- Authored optimized SQL queries for real-time district and block-level reporting.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science Engineering

Dr. M.C. Saxena Group of Colleges, Lucknow | 2023 – 2026

Diploma in Information Technology

CSJM Government Polytechnic, Ambedkar Nagar | 2019 – 2022
